Mr. Wesolowski:

Little did you know that the test broadcast you received on January 25 was the day before we began broadcasting! We're now on the air programming modern country music.

In answer to some of your questions...yes, we are directional daytime, 5KW full power.

I'm sorry about your first letter...we'll probably get it in on tomorrow's stage. Thanks for the cup of coffee.

Sincerely,

Denny Comfort
